INTRODUCTION

Antaira Technologies' LNP-2602G-SFP Series is a 26-port industrial Gigabit PoE+ unmanaged Ethernet switch embedded with 24*10/100/1000Tx Ethernet ports that support IEEE 802.3af/at for a maximum of 30W/port and two gigabit combo ports with 2*10/100/1000 RJ45 ports and 2*100/1000 dual rate SFP slot for fiber connection.

The LNP-2602G-SFP series is IP40 rated and 1U 19" rack mountable. There are also two wide-operating temperature models for either a standard temperature range (STD: -10°C to 65°C) or an extended temperature range (EOT: -40°C to 75°C). It also provides high EFT and ESD protection for industrial networking applications, such as power/utility, water wastewater, oil/gas/mining, factory automation, security surveillance, ITS, and any other outdoor or harsh environment.
